(6) Health and safety regulations—

- (c) may exclude proceedings on indictment in relation to offences consisting of a contravention of a requirement or prohibition imposed by or under any of the existing statutory provisions, sections 2 to 9 or health and safety regulations ;
- (d) may restrict the punishments which can be imposed in respect of any such offence as is mentioned in paragraph (c) above.

(7) Without prejudice to section 35, health and safety regulations may make provision for enabling offences under any of the relevant statutory provisions to be treated as having been committed at any specified place for the purpose of bringing any such offence within the field of responsibility of any enforcing authority or conferring jurisdiction on any court to entertain proceedings for any such offence.

(8) Health and safety regulations may take the form of regulations applying to particular circumstances only or to a particular case only (for example, regulations applying to particular premises only).

(9) If an Order in Council is made under section 84(3) providing that this section shall apply to or in relation to persons, premises or work outside Great Britain then, notwithstanding the Order, health and safety regulations shall not apply to or in relation to aircraft in flight, vessels, hovercraft or offshore installations outside Great Britain or persons at work outside Great Britain in connection with submarine cables or submarine pipelines except in so far as the regulations expressly so provide.

(10) In this section “specified” means specified in health and safety regulations.

16.—(1) For the purpose of providing practical guidance with respect to the requirements of any provision of sections 2 to 7 or of health and safety regulations or of any of the existing statutory provisions, the Commission may, subject to the following subsection and except as regards matters relating exclusively to agricultural operations—

PART I
Approval
of codes of
practice
by the
Commission.

- (a) approve and issue such codes of practice (whether prepared by it or not) as in its opinion are suitable for that purpose ;
- (b) approve such codes of practice issued or proposed to be issued otherwise than by the Commission as in its opinion are suitable for that purpose.

(2) The Commission shall not approve a code of practice under subsection (1) above without the consent of the Secretary of State, and shall, before seeking his consent, consult—

- (a) any government department or other body that appears to the Commission to be appropriate (and, in particular, in the case of a code relating to electromagnetic radiations, the National Radiological Protection Board) ; and
- (b) such government departments and other bodies, if any, as in relation to any matter dealt with in the code, the Commission is required to consult under this section by virtue of directions given to it by the Secretary of State.

(3) Where a code of practice is approved by the Commission under subsection (1) above, the Commission shall issue a notice in writing—

- (a) identifying the code in question and stating the date on which its approval by the Commission is to take effect ; and
- (b) specifying for which of the provisions mentioned in subsection (1) above the code is approved.

(4) The Commission may—

- (a) from time to time revise the whole or any part of any code of practice prepared by it in pursuance of this section ;
- (b) approve any revision or proposed revision of the whole or any part of any code of practice for the time being approved under this section ;

and the provisions of subsections (2) and (3) above shall, with the necessary modifications, apply in relation to the approval of any revision under this subsection as they apply in relation to the approval of a code of practice under subsection (1) above.

PART I

(5) The Commission may at any time with the consent of the Secretary of State withdraw its approval from any code of practice approved under this section, but before seeking his consent shall consult the same government departments and other bodies as it would be required to consult under subsection (2) above if it were proposing to approve the code.

(6) Where under the preceding subsection the Commission withdraws its approval from a code of practice approved under this section, the Commission shall issue a notice in writing identifying the code in question and stating the date on which its approval of it is to cease to have effect.

(7) References in this Part to an approved code of practice are references to that code as it has effect for the time being by virtue of any revision of the whole or any part of it approved under this section.

(8) The power of the Commission under subsection (1)(b) above to approve a code of practice issued or proposed to be issued otherwise than by the Commission shall include power to approve a part of such a code of practice; and accordingly in this Part "code of practice" may be read as including a part of such a code of practice.

Use of
approved
codes of
practice in
criminal
proceedings.

17.—(1) A failure on the part of any person to observe any provision of an approved code of practice shall not of itself render him liable to any civil or criminal proceedings; but where in any criminal proceedings a party is alleged to have committed an offence by reason of a contravention of any requirement or prohibition imposed by or under any such provision as is mentioned in section 16(1) being a provision for which there was an approved code of practice at the time of the alleged contravention, the following subsection shall have effect with respect to that code in relation to those proceedings.

(2) Any provision of the code of practice which appears to the court to be relevant to the requirement or prohibition alleged to have been contravened shall be admissible in evidence in the proceedings; and if it is proved that there was at any material time a failure to observe any provision of the code which appears to the court to be relevant to any matter which it is necessary for the prosecution to prove in order to establish a contravention of that requirement or prohibition, that matter shall be taken as proved unless the court is satisfied that the requirement or prohibition was in respect of that matter complied with otherwise than by way of observance of that provision of the code.

(3) In any criminal proceedings—

(a) a document purporting to be a notice issued by the Commission under section 16 shall be taken to be such a notice unless the contrary is proved; and

- (b) a code of practice which appears to the court to be the subject of such a notice shall be taken to be the subject of that notice unless the contrary is proved.

PART I

Enforcement

18.—(1) It shall be the duty of the Executive to make adequate arrangements for the enforcement of the relevant statutory provisions except to the extent that some other authority or class of authorities is by any of those provisions or by regulations under subsection (2) below made responsible for their enforcement.

Authorities responsible for enforcement of the relevant statutory provisions.

(2) The Secretary of State may by regulations—

- (a) make local authorities responsible for the enforcement of the relevant statutory provisions to such extent as may be prescribed ;
- (b) make provision for enabling responsibility for enforcing any of the relevant statutory provisions to be, to such extent as may be determined under the regulations—

- (i) transferred from the Executive to local authorities or from local authorities to the Executive ;

or

- (ii) assigned to the Executive or to local authorities for the purpose of removing any uncertainty as to what are by virtue of this subsection their respective responsibilities for the enforcement of those provisions ;

and any regulations made in pursuance of paragraph (b) above shall include provision for securing that any transfer or assignment effected under the regulations is brought to the notice of persons affected by it.

(3) Any provision made by regulations under the preceding subsection shall have effect subject to any provision made by health and safety regulations or agricultural health and safety regulations in pursuance of section 15(3)(c).

(4) It shall be the duty of every local authority—

- (a) to make adequate arrangements for the enforcement within their area of the relevant statutory provisions to the extent that they are by any of those provisions or by regulations under subsection (2) above made responsible for their enforcement ; and
- (b) to perform the duty imposed on them by the preceding paragraph and any other functions conferred on them by any of the relevant statutory provisions in accordance with such guidance as the Commission may give them.

PART I

(5) Where any authority other than the appropriate Agriculture Minister, the Executive or a local authority is by any of the relevant statutory provisions or by regulations under subsection (2) above made responsible for the enforcement of any of those provisions to any extent, it shall be the duty of that authority—

- (a) to make adequate arrangements for the enforcement of those provisions to that extent; and
- (b) to perform the duty imposed on the authority by the preceding paragraph and any other functions conferred on the authority by any of the relevant statutory provisions in accordance with such guidance as the Commission may give to the authority.

(6) Nothing in the provisions of this Act or of any regulations made thereunder charging any person in Scotland with the enforcement of any of the relevant statutory provisions shall be construed as authorising that person to institute proceedings for any offence.

(7) In this Part—

- (a) “enforcing authority” means the Executive or any other authority which is by any of the relevant statutory provisions or by regulations under subsection (2) above made responsible for the enforcement of any of those provisions to any extent; and
- (b) any reference to an enforcing authority’s field of responsibility is a reference to the field over which that authority’s responsibility for the enforcement of those provisions extends for the time being;

but where by virtue of paragraph (a) of section 13(1) the performance of any function of the Commission or the Executive is delegated to a government department or person, references to the Commission or the Executive (or to an enforcing authority where that authority is the Executive) in any provision of this Part which relates to that function shall, so far as may be necessary to give effect to any agreement under that paragraph, be construed as references to that department or person; and accordingly any reference to the field of responsibility of an enforcing authority shall be construed as a reference to the field over which that department or person for the time being performs such a function.

Appointment
of inspectors.

19.—(1) Every enforcing authority may appoint as inspectors (under whatever title it may from time to time determine) such persons having suitable qualifications as it thinks necessary for carrying into effect the relevant statutory provisions within its field of responsibility, and may terminate any appointment made under this section.

PART I

(2) Every appointment of a person as an inspector under this section shall be made by an instrument in writing specifying which of the powers conferred on inspectors by the relevant statutory provisions are to be exercisable by the person appointed; and an inspector shall in right of his appointment under this section—

- (a) be entitled to exercise only such of those powers as are so specified; and
- (b) be entitled to exercise the powers so specified only within the field of responsibility of the authority which appointed him.

(3) So much of an inspector's instrument of appointment as specifies the powers which he is entitled to exercise may be varied by the enforcing authority which appointed him.

(4) An inspector shall, if so required when exercising or seeking to exercise any power conferred on him by any of the relevant statutory provisions, produce his instrument of appointment or a duly authenticated copy thereof.

20.—(1) Subject to the provisions of section 19 and this section, an inspector may, for the purpose of carrying into effect any of the relevant statutory provisions within the field of responsibility of the enforcing authority which appointed him, exercise the powers set out in subsection (2) below. Powers of inspectors.

(2) The powers of an inspector referred to in the preceding subsection are the following, namely—

- (b) to take with him a constable if he has reasonable cause to apprehend any serious obstruction in the execution of his duty;
- (c) without prejudice to the preceding paragraph, on entering any premises by virtue of paragraph (a) above to take with him—

PART I

- (h) in the case of any article or substance found in any premises which he has power to enter, being an article or substance which appears to him to have caused or to be likely to cause danger to health or safety, to cause it to be dismantled or subjected to any process or test (but not so as to damage or destroy it unless this is in the circumstances necessary for the purpose mentioned in subsection (1) above) ;
- (i) in the case of any such article or substance as is mentioned in the preceding paragraph, to take possession of it and detain it for so long as is necessary for all or any of the following purposes, namely—
 - (i) to examine it and do to it anything which he has power to do under that paragraph ;
 - (ii) to ensure that it is not tampered with before his examination of it is completed ;
 - (iii) to ensure that it is available for use as evidence in any proceedings for an offence under any of the relevant statutory provisions or any proceedings relating to a notice under section 21 or 22 ;
- (j) to require any person whom he has reasonable cause to believe to be able to give any information relevant to any examination or investigation under paragraph (d) above to answer (in the absence of persons other than a person nominated by him to be present and any persons whom the inspector may allow to be present) such questions as the inspector thinks fit to ask and to sign a declaration of the truth of his answers ;
- (k) to require the production of, inspect, and take copies of or of any entry in—
 - (i) any books or documents which by virtue of any of the relevant statutory provisions are required to be kept ; and

PART I

(ii) any other books or documents which it is necessary for him to see for the purposes of any examination or investigation under paragraph (d) above;

(l) to require any person to afford him such facilities and assistance with respect to any matter or things within that person's control or in relation to which that person has responsibilities as are necessary to enable the inspector to exercise any of the powers conferred on him by this section;

(m) any other power which is necessary for the purpose mentioned in subsection (1) above.

(3) The Secretary of State may by regulations make provision as to the procedure to be followed in connection with the taking of samples under subsection (2)(g) above (including provision as to the way in which samples that have been so taken are to be dealt with).

(4) Where an inspector proposes to exercise the power conferred by subsection (2)(h) above in the case of an article or substance found in any premises, he shall, if so requested by a person who at the time is present in and has responsibilities in relation to those premises, cause anything which is to be done by virtue of that power to be done in the presence of that person unless the inspector considers that its being done in that person's presence would be prejudicial to the safety of the State.

(5) Before exercising the power conferred by subsection (2)(h) above in the case of any article or substance, an inspector shall consult such persons as appear to him appropriate for the purpose of ascertaining what dangers, if any, there may be in doing anything which he proposes to do under that power.

(6) Where under the power conferred by subsection (2)(i) above an inspector takes possession of any article or substance found in any premises, he shall leave there, either with a responsible person or, if that is impracticable, fixed in a conspicuous position, a notice giving particulars of that article or substance sufficient to identify it and stating that he has taken possession of it under that power; and before taking possession of any such substance under that power an inspector shall, if it is practicable for him to do so, take a sample thereof and give to a responsible person at the premises a portion of the sample marked in a manner sufficient to identify it.

(7) No answer given by a person in pursuance of a requirement imposed under subsection (2)(j) above shall be admissible in evidence against that person or the husband or wife of that person in any proceedings.

PART I

(8) Nothing in this section shall be taken to compel the production by any person of a document of which he would on grounds of legal professional privilege be entitled to withhold production on an order for discovery in an action in the High Court or, as the case may be, on an order for the production of documents in an action in the Court of Session.

Improvement notices.

21. If an inspector is of the opinion that a person—

- (a) is contravening one or more of the relevant statutory provisions ; or
- (b) has contravened one or more of those provisions in circumstances that make it likely that the contravention will continue or be repeated,

he may serve on him a notice (in this Part referred to as “an improvement notice”) stating that he is of that opinion, specifying the provision or provisions as to which he is of that opinion, giving particulars of the reasons why he is of that opinion, and requiring that person to remedy the contravention or, as the case may be, the matters occasioning it within such period (ending not earlier than the period within which an appeal against the notice can be brought under section 24) as may be specified in the notice.

Prohibition notices.

22.—(1) This section applies to any activities which are being or are about to be carried on by or under the control of any person, being activities to or in relation to which any of the relevant statutory provisions apply or will, if the activities are so carried on, apply.

(2) If as regards any activities to which this section applies an inspector is of the opinion that, as carried on or about to be carried on by or under the control of the person in question, the activities involve or, as the case may be, will involve a risk of serious personal injury, the inspector may serve on that person a notice (in this Part referred to as “a prohibition notice”).

(3) A prohibition notice shall—

- (a) state that the inspector is of the said opinion ;
- (b) specify the matters which in his opinion give or, as the case may be, will give rise to the said risk ;
- (c) where in his opinion any of those matters involves or, as the case may be, will involve a contravention of any of the relevant statutory provisions, state that he is of that opinion, specify the provision or provisions as to which he is of that opinion, and give particulars of the reasons why he is of that opinion ; and
- (d) direct that the activities to which the notice relates shall not be carried on by or under the control of the person on whom the notice is served unless the matters

specified in the notice in pursuance of paragraph (b) above and any associated contraventions of provisions so specified in pursuance of paragraph (c) above have been remedied.

PART I

(4) A direction given in pursuance of subsection (3)(d) above shall take immediate effect if the inspector is of the opinion, and states it, that the risk of serious personal injury is or, as the case may be, will be imminent, and shall have effect at the end of a period specified in the notice in any other case.

23.—(1) In this section “a notice” means an improvement notice or a prohibition notice.

Provisions supplementary to ss. 21 and 22.

(2) A notice may (but need not) include directions as to the measures to be taken to remedy any contravention or matter to which the notice relates; and any such directions—

(a) may be framed to any extent by reference to any approved code of practice; and

(b) may be framed so as to afford the person on whom the notice is served a choice between different ways of remedying the contravention or matter.

(3) Where any of the relevant statutory provisions applies to a building or any matter connected with a building and an inspector proposes to serve an improvement notice relating to a contravention of that provision in connection with that building or matter, the notice shall not direct any measures to be taken to remedy the contravention of that provision which are more onerous than those necessary to secure conformity with the requirements of any building regulations for the time being in force to which that building or matter would be required to conform if the relevant building were being newly erected unless the provision in question imposes specific requirements more onerous than the requirements of any such building regulations to which the building or matter would be required to conform as aforesaid.

In this subsection “the relevant building”, in the case of a building, means that building, and, in the case of a matter connected with a building, means the building with which the matter is connected.

(4) Before an inspector serves in connection with any premises used or about to be used as a place of work a notice requiring or likely to lead to the taking of measures affecting the means of escape in case of fire with which the premises are or ought to be provided, he shall consult the fire authority.

In this subsection “fire authority” has the meaning assigned by section 43(1) of the Fire Precautions Act 1971.

1971 c. 40.

PART I

(5) Where an improvement notice or a prohibition notice which is not to take immediate effect has been served—

- (a) the notice may be withdrawn by an inspector at any time before the end of the period specified therein in pursuance of section 21 or section 22(4) as the case may be ; and
- (b) the period so specified may be extended or further extended by an inspector at any time when an appeal against the notice is not pending.

(6) In the application of this section to Scotland—

- (a) in subsection (3) for the words from “ with the requirements ” to “ aforesaid ” there shall be substituted the words—

“ (a) to any provisions of the building standards regulations to which that building or matter would be required to conform if the relevant building were being newly erected ; or

(b) where the sheriff, on an appeal to him under section 16 of the Building (Scotland) Act 1959—

- (i) against an order under section 10 of that Act requiring the execution of operations necessary to make the building or matter conform to the building standards regulations, or

- (ii) against an order under section 11 of that Act requiring the building or matter to conform to a provision of such regulations,

has varied the order, to any provisions of the building standards regulations referred to in paragraph (a) above as affected by the order as so varied,

unless the relevant statutory provision imposes specific requirements more onerous than the requirements of any provisions of building standards regulations as aforesaid or, as the case may be, than the requirements of the order as varied by the sheriff.” ;

- (b) after subsection (5) there shall be inserted the following subsection—

“ (5A) In subsection (3) above ‘ building standards regulations ’ has the same meaning as in section 3 of the Building (Scotland) Act 1959.”.

(2) A person on whom a notice is served may within such period from the date of its service as may be prescribed appeal to an industrial tribunal ; and on such an appeal the tribunal

PART I

may either cancel or affirm the notice and, if it affirms it, may be so either in its original form or with such modifications as the tribunal may in the circumstances think fit.

(3) Where an appeal under this section is brought against a notice within the period allowed under the preceding subsection, then—

- (a) in the case of an improvement notice, the bringing of the appeal shall have the effect of suspending the operation of the notice until the appeal is finally disposed of or, if the appeal is withdrawn, until the withdrawal of the appeal ;
- (b) in the case of a prohibition notice, the bringing of the appeal shall have the like effect if, but only if, on the application of the appellant the tribunal so directs (and then only from the giving of the direction).

(4) One or more assessors may be appointed for the purposes of any proceedings brought before an industrial tribunal under this section.

25.—(1) Where, in the case of any article or substance found by him in any premises which he has power to enter, an inspector has reasonable cause to believe that, in the circumstances in which he finds it, the article or substance is a cause of imminent danger of serious personal injury, he may seize it and cause it to be rendered harmless (whether by destruction or otherwise).

Power to deal

imminent
danger.

(2) Before there is rendered harmless under this section—

- (a) any article that forms part of a batch of similar articles ;
or
- (b) any substance,

the inspector shall, if it is practicable for him to do so, take a sample thereof and give to a responsible person at the premises where the article or substance was found by him a portion of the sample marked in a manner sufficient to identify it.

(3) As soon as may be after any article or substance has been seized and rendered harmless under this section, the inspector shall prepare and sign a written report giving particulars of the circumstances in which the article or substance was seized and so dealt with by him, and shall—

- (a) give a signed copy of the report to a responsible person at the premises where the article or substance was found by him ; and

PART I

- (b) unless that person is the owner of the article or substance, also serve a signed copy of the report on the owner ;

and if, where paragraph (b) above applies, the inspector cannot after reasonable enquiry ascertain the name or address of the owner, the copy may be served on him by giving it to the person to whom a copy was given under the preceding paragraph.

Power of
enforcing
authorities to
indemnify
their
inspectors.

26. Where an action has been brought against an inspector in respect of an act done in the execution or purported execution of any of the relevant statutory provisions and the circumstances are such that he is not legally entitled to require the enforcing authority which appointed him to indemnify him, that authority may, nevertheless, indemnify him against the whole or part of any damages and costs or expenses which he may have been ordered to pay or may have incurred, if the authority is satisfied that he honestly believed that the act complained of was within his powers and that his duty as an inspector required or entitled him to do it.

27.—(1) For the purpose of obtaining—

28.—(1) In this and the two following subsections—

Restrictions on disclosure of information.

62.—(1) Building regulations may make provision for requiring local authorities in such circumstances as may be prescribed to consult any prescribed person before taking any prescribed step in connection with any work or other matter to which building regulations are applicable.

(2) Building regulations—

(a) may authorise local authorities to accept, as evidence that the requirements of building regulations as to matters of any prescribed description are or would be satisfied, certificates to that effect by persons of any class or description prescribed in relation to those matters or by a person nominated in writing by the Secretary of State in any particular case ;

(b) may provide for the issue by local authorities of certificates to the effect that, so far as the authority concerned have been able to ascertain after taking all reasonable steps in that behalf, the requirements of building regulations as to matters of any prescribed description are satisfied in any particular case, and for such certificates to be evidence (but not conclusive evidence) of compliance with the regulations ;

(c) may make provision—

(i) for prohibiting, in prescribed circumstances, the carrying out of proposed work of any prescribed class involving matters of any prescribed description unless there has been deposited with the prescribed authority as regards those matters a certificate such as is mentioned in paragraph (a) above ;

(ii) for enabling, in cases where such a certificate is required by virtue of the preceding sub-paragraph, any dispute as to whether a certificate ought to be issued to be referred to the Secretary of State ; and

(iii) for enabling the Secretary of State, on any such reference, to give such directions as he thinks fit.

PART III

(3) Building regulations may authorise local authorities to charge prescribed fees for or in connection with the performance of prescribed functions of theirs relating to building regulations.

(4) Building regulations may make a prescribed person or class of persons responsible (instead of local authorities) for performing prescribed functions of local authorities under or in connection with building regulations, and for that purpose may provide for any prescribed enactment relating to building regulations and any prescribed provision of such regulations to apply (with any prescribed modifications) in relation to a prescribed person or a person of a prescribed class as that enactment or provision applies in relation to a local authority.

(5) Building regulations may repeal or modify any enactment to which this subsection applies if it appears to the Secretary of State that the enactment is inconsistent with, or is unnecessary or requires alteration in consequence of, any provision contained in or made under any enactment relating to building regulations.

This subsection applies to any enactment contained in this Act or in any other Act passed before or in the same Session as this Act, other than sections 61 to 71 of the 1936 Act, sections 4 to 11 of, and Schedule 1 to, the 1961 Act, and this Part.

63.—(1) A local authority with whom plans of any proposed work are deposited in accordance with building regulations may in prescribed cases pass them by stages in accordance with the regulations and, where a local authority pass any such plans to a limited extent at any stage,—

Miscellaneous provisions as to the approval of plans.

(a) they shall impose conditions as to the depositing of further plans in connection with the proposed work ; and

(b) they may impose conditions for securing that, pending the deposit of such of the further plans as they may indicate, the proposed work will not be proceeded with except to such extent as they may in accordance with the regulations authorise.

(2) A person who contravenes any condition imposed by a local authority under subsection (1) above other than a condition as to the depositing of further plans, or permits any such condition to be contravened, shall be liable to a fine not exceeding £400 and to a further fine not exceeding £50 for each day on which the offence continues after he is convicted.

(3) A local authority with whom plans of any proposed work are deposited in accordance with building regulations may, notwithstanding that the plans are defective or show that the work

PART III

would contravene any of the building regulations, pass the plans provisionally, that is to say, subject to any modifications which they think necessary for remedying the defect or avoiding the contravention, indicating the modifications in the notice of approval and—

(a) if, within a prescribed time and in a prescribed manner so indicated, the person by or on behalf of whom the plans were deposited notifies the authority that he agrees to the modifications, the plans shall be treated as having been passed subject to those modifications; and

(b) if not, the plans shall be treated as having been rejected.

(4) In cases where by virtue of subsection (1) or (3) above plans are passed by stages or provisionally, the provisions of section 64(1) to (3) of the 1936 Act shall have effect subject to such modifications as may be prescribed.

(5) Where plans of any proposed work have been passed under section 64 of the 1936 Act by a local authority, the person by or on behalf of whom the plans were in accordance with building regulations deposited with the authority may, and in such cases as may be prescribed shall, for the purpose of obtaining the approval of the authority to any proposed departure or deviation from the plans as passed, deposit plans of any such departure or deviation; and that section shall apply in relation to plans deposited under this subsection as it applies in relation to the plans originally deposited.

(6) Where in accordance with any existing enactment (however framed or worded) plans of a proposed building of any prescribed class are submitted to a Minister of the Crown for his approval—

(a) plans of the proposed building shall not be required to be deposited with the local authority for the purposes of section 64 of the 1936 Act in pursuance of building regulations;

(b) the Minister shall not approve the plans unless he is satisfied that, so far as applicable, the substantive requirements of building regulations will be complied with by and in connection with the proposed building;

(c) the approval of the plans by the Minister shall operate, for such purposes as may be prescribed, in the same way as the passing of them by the local authority would have operated;

(d) the Minister may exercise in connection with the proposed building the like powers of dispensing with or relaxing requirements of building regulations as are

conferred on the Secretary of State and local authorities by virtue of section 6 of the 1961 Act (other than a power excepted by subsection (7) below), subject however to the like requirements as to consultation (if any) as apply by virtue of section 62(1) in the case of a local authority (but not to the requirements in the said section 6 as to consultation with the local authority) and to the like requirements as in the case of the Secretary of State apply by virtue of section 8 of the 1961 Act (opportunity to make representations about proposal to relax building regulations).

PART III

(7) In the preceding subsection “existing enactment” means an enactment passed before the coming into force of that subsection, other than an enactment relating to town and country planning; and the power excepted from paragraph (d) of that subsection is one which by virtue of section 62(4) is exercisable otherwise than by a local authority.

64.—(1) This section applies—

Special provisions as to materials etc. unsuitable for permanent buildings.

(a) to any work consisting of a part of a building, being a part of the construction of which there is used any material or component of a type which, in relation to a part of that description, is prescribed for the purposes of this paragraph under subsection (2) below; and

(b) to any work provided in or in connection with a building being work consisting of a service, fitting or item of equipment of a type so prescribed for the purposes of this paragraph.

(2) The Secretary of State may by building regulations—

(a) prescribe a type of material or component for the purposes of subsection (1)(a) above if in his opinion materials or components of that type are likely to be unsuitable for use in the construction of a particular part of a permanent building in the absence of conditions with respect to the use of the building or with respect to any material or component of that type used in the construction of a part of that description;

(b) prescribe a type of service, fitting or equipment for the purposes of subsection (1)(b) above if in his opinion services, fittings or equipment of that type are likely to be unsuitable for provision in or in connection with a permanent building in the absence of conditions with respect to the use of the building or with respect to any service, fitting or equipment of that type so provided.

PART III

(3) Where plans of any proposed work are, in accordance with building regulations, deposited with a local authority and the plans show that the proposed work would include or consist of work to which this section applies, the authority may, notwithstanding that the plans conform with the regulations—

(a) reject the plans ; or

(b) in passing the plans fix a period on the expiration of which the work to which this section applies or the relevant building (as the authority may in passing the plans direct) must be removed and, if they think fit, impose with respect to the use of the relevant building or with respect to the work to which this section applies such reasonable conditions, if any, as they consider appropriate, so however that no condition as to the use of the relevant building shall be imposed which conflicts with any condition imposed or having effect as if imposed under Part III or IV of the Town and Country Planning Act 1971.

1971 c. 78.

(4) If, in the case of any work in respect of which plans ought by virtue of building regulations to have been deposited with a local authority but have not been so deposited, the work appears to the authority to include or consist of work to which this section applies, the authority, without prejudice to their right to take proceedings in respect of any contravention of the regulations, may fix a period on the expiration of which the work to which this section applies or the relevant building (as the authority may in fixing the period direct) must be removed and, if they think fit, impose any conditions that might have been imposed under the preceding subsection in passing plans for the first-mentioned work and, where they fix such a period, shall forthwith give notice thereof, and of any conditions imposed, to the owner of the relevant building

(5) If, in the case of any work appearing to the local authority to fall within subsection (1)(b) above, plans of the work were not required by building regulations to be deposited with the authority, and were not so deposited, the authority may at any time within twelve months from the date of completion of the work fix a period on the expiration of which the work must be removed and, if they think fit, impose any conditions which, if plans of the work had been required to be, and had been, so deposited, might have been imposed under subsection (3) above in passing the plans and, where they fix such a period, shall forthwith give notice thereof, and of any conditions imposed, to the owner of the relevant building.

(6) A local authority may from time to time extend any period fixed, or vary any conditions imposed, under this section, but so that, unless an application in that behalf is made to them

PART III

by the owner of the relevant building, they shall not exercise their power of varying conditions so imposed except when granting an extension or further extension of the period fixed with respect to the work or building, as the case may be.

(7) Any person aggrieved by the action of a local authority under this section in rejecting plans, or in fixing or refusing to extend any period, or in imposing or refusing to vary any conditions, may appeal to the Secretary of State within the prescribed time and in the prescribed manner.

(8) Where a period has been fixed under this section with respect to any work to which this section applies or with respect to the relevant building, the owner of that building shall on the expiration of that period or, as the case may be, of that period as extended, remove the work or building with respect to which the period was fixed ; and if he fails to do so, the local authority may remove that work or building, as the case may be, and may recover from him the expenses reasonably incurred by them in doing so.

(9) A person who—

(a) contravenes any condition imposed under this section or permits any such condition to be contravened ; or

(b) contravenes subsection (8) above ;

shall be liable to a fine not exceeding £400 and to a further fine not exceeding £50 for each day on which the offence continues or, as the case may be, on which the work or building is allowed to remain, after he is convicted ; but this subsection shall not be construed as prejudicing a local authority's rights under subsection (8) above.

(10) In this section “ the relevant building ” means, in any particular case, the building mentioned in paragraph (a) or, as the case may be, paragraph (b) of subsection (1) above

(11) Section 53 of the 1936 Act (which is superseded by the preceding provisions of this section) shall cease to have effect, but—

(a) any building regulations made, period fixed, condition imposed or other thing done by virtue of that section shall be deemed to have been made, fixed, imposed or done by virtue of this section ; and

(b) anything begun under that section may be continued under this Act as if begun under this section, so however that any appeal under subsection (4) of that section which is pending at the time when that section ceases to have effect, and any proceedings arising out of such appeal, shall proceed as if that section were still in force.

PART III
Continuing
requirements.

65.—(1) Building regulations may impose on owners and occupiers of buildings to which building regulations are applicable such continuing requirements as the Secretary of State considers appropriate for securing, with respect to any provision of building regulations designated in the regulations as a provision to which those requirements relate, that the purposes of that provision are not frustrated; but a continuing requirement imposed by virtue of this subsection shall not apply in relation to a building unless a provision of building regulations so designated as one to which the requirement relates applies to that building.

(2) Building regulations may impose on owners and occupiers of buildings of any prescribed class (whenever erected, and whether or not any building regulations were applicable to them at the time of their erection) continuing requirements with respect to all or any of the following matters, namely—

- (a) the conditions subject to which any services, fittings or equipment provided in or in connection with any building of that class may be used;
- (b) the inspection and maintenance of any services, fittings or equipment so provided; and
- (c) the making of reports to any prescribed authority on the condition of any services, fittings or equipment so provided;

and so much of section 62 of the 1936 Act as restricts the application of building regulations shall not apply to regulations made by virtue of this subsection.

(3) If a person contravenes a continuing requirement imposed by virtue of this section, the local authority, without prejudice to their right to take proceedings for a fine in respect of the contravention, may execute any work or take any other action required to remedy the contravention, and may recover from that person the expenses reasonably incurred by them in so doing.

(4) Where a local authority have power under the preceding subsection to execute any work or take any other action they may, instead of exercising that power, by notice require the owner or the occupier of the building to which the contravention referred to in that subsection relates to execute that work or take that action.

The provisions of Part XII of the 1936 Act with respect to appeals against, and the enforcement of, notices requiring the execution of works shall apply in relation to any notice given

PART III

under this section, subject however to the modification that in those provisions references to the execution of works shall be construed as references to the execution of work or the taking of other action, and references to work shall be construed accordingly.

(5) The provisions of sections 6, 7 and 8 of the 1961 Act (power to dispense with or relax requirements in building regulations, and related provisions) shall have effect in relation to continuing requirements imposed by virtue of this section subject to the following modifications, that is to say—

- (a) a direction under the said section 6 shall, if it so provides, cease to have effect at the end of such period as may be specified in the direction ; and
- (b) in subsection (1) of the said section 7 (as amended by this Act), the reference to granting an application subject to conditions shall be read as including a reference to granting an application for a limited period.

66.—(1) If the Secretary of State considers that the operation of any requirement of building regulations would be unreasonable in relation to any particular type of building matter, he may, either on an application made to him or of his own accord, give a direction dispensing with or relaxing that requirement generally in relation to that type of building matter, either unconditionally or subject to compliance with any conditions specified in the direction, being conditions with respect to matters directly connected with the dispensation or relaxation.

Type

building
regulations.

(2) A direction under subsection (1) above—

- (a) shall, if it so provides, cease to have effect at the end of such period as may be specified in the direction ;
- (b) may be varied or revoked by a subsequent direction of the Secretary of State.

(3) Building regulations may require a person making an application under subsection (1) above to pay the Secretary of State the prescribed fee ; and, without prejudice to section 4(2) of the 1961 Act, regulations made by virtue of this subsection may prescribe different fees for different cases :

Provided that the Secretary of State may in any particular case remit the whole or part of any fee payable by virtue of this subsection.

(4) Before giving a direction under this section the Secretary of State shall consult such bodies as appear to him to be representative of the interests concerned (including in particular, in the case of a direction that relates to a requirement relevant to any of their functions, the National Water Council).

PART III

(5) Where the Secretary of State gives a direction under this section, he shall publish notice of that fact in such manner as he thinks fit.

(6) A person who contravenes any condition specified in a direction given under this section or permits any such condition to be contravened shall be liable to a fine not exceeding £400 and to a further fine not exceeding £50 for each day on which the offence continues after he is convicted.

(7) If at any time a direction under subsection (1) above dispensing with or relaxing a requirement of building regulations ceases to have effect by virtue of subsection (2)(a) above or is varied or revoked under subsection (2)(b) above, that fact shall not affect the continued operation of the direction (with any conditions specified therein) in any case in which before that time—

(a) plans of the proposed work were, in accordance with building regulations, deposited with a local authority ;
or

1939 c. xcvi.

(b) a building notice was served on the district surveyor in pursuance of section 83 of the London Building Acts (Amendment) Act 1939.

(8) In this section and section 67 below “building matter” means any building or other matter whatsoever to which building regulations are in any circumstances applicable.

Power of
Secretary of
State to
approve
types of
building etc.

67.—(1) The following provisions of this section shall have effect with a view to enabling the Secretary of State, either on an application made to him or of his own accord, to approve any particular type of building matter as complying, either generally or in any class of case, with particular requirements of building regulations.

(2) An application for the approval under this section of a type of building matter shall comply with any requirements of building regulations as to the form of such applications and the particulars to be included therein.

(3) Where under subsection (1) above the Secretary of State approves a type of building matter as complying with particular requirements of building regulations either generally or in any class of case, he may issue a certificate to that effect specifying—

(a) the type of building matter to which the certificate relates ;

(b) the requirements of building regulations to which the certificate relates ; and

(c) where applicable, the class or classes of case to which the certificate applies.

PART III

(4) A certificate under this section shall, if it so provides, cease to have effect at the end of such period as may be specified in the certificate.

(5) If, while a certificate under this section is in force, it is found, in any particular case involving a building matter of the type to which the certificate relates, that the building matter in question is of that type and the case is one to which the certificate applies, that building matter shall in that particular case be deemed to comply with the requirements of building regulations to which the certificate relates.

(6) The Secretary of State may vary a certificate under this section either on an application made to him or of his own accord; but in the case of a certificate issued on an application made by a person under subsection (1) above, the Secretary of State, except where he varies it on the application of that person, shall before varying it give that person reasonable notice that he proposes to do so.

(7) Building regulations may require a person making an application under subsection (1) or (6) above to pay the Secretary of State the prescribed fee; and, without prejudice to section 4(2) of the 1961 Act, regulations made by virtue of this subsection may prescribe different fees for different cases:

Provided that the Secretary of State may in any particular case remit the whole or part of any fee payable by virtue of this subsection.

(8) The Secretary of State may revoke a certificate issued under this section, but before doing so in the case of a certificate issued on an application under subsection (1) above shall give the person on whose application the certificate was issued reasonable notice that he proposes to do so.

(9) Where the Secretary of State issues a certificate under this section or varies or revokes a certificate so issued, he shall publish notice of that fact in such manner as he thinks fit.

(10) If at any time a certificate under this section ceases to have effect by virtue of subsection (4) above or is varied or revoked under the preceding provisions of this section, that fact shall not affect the continued operation of subsection (5) above by virtue of that certificate in any case in which before that time—

(a) plans of the proposed work were, in accordance with building regulations, deposited with a local authority; or

(b) a building notice was served on the district surveyor in pursuance of section 83 of the London Building Acts 1939 c. xcvi. (Amendment) Act 1939.

(11) For the purposes of subsection (3) above or any variation of a certificate under subsection (6) above, a class of case may be framed in any way that the Secretary of State thinks fit.

PART III

(12) The Secretary of State may by building regulations delegate to any person or body, to such extent and subject to such conditions as the Secretary of State may think fit, the powers of approval conferred on him by this section; and so far as those powers are for the time being so delegated to any person or body, the preceding provisions of this section, except so much of subsection (7) as precedes the proviso, and any building regulation made by virtue of that subsection shall (subject to any prescribed conditions) have effect in relation to that person or body with the substitution of references to that person or body for references to the Secretary of State.

Power to
require or
carry out
tests for
conformity
with building
regulations.

68.—(1) The following subsection shall have effect for the purpose of enabling a local authority to ascertain, as regards any work or proposed work to which building regulations for the enforcement of which they are responsible are applicable, whether any provision of building regulations is or would be contravened by, or by anything done or proposed to be done in connection with, that work.

(2) The local authority shall have power for that purpose—

(a) to require any person by whom or on whose behalf the work was, is being or is proposed to be done to carry out such reasonable tests of or in connection with the work as may be specified in the requirement; or

(b) themselves to carry out any reasonable tests of or in connection with the work, and to take any samples necessary to enable them to carry out any such test.

(3) Without prejudice to the generality of the preceding subsection, the matters with respect to which tests may be required or carried out under that subsection include—

(a) tests of the soil or subsoil of the site of any building;

(b) tests of any material, component or combination of components which has been, is being or is proposed to be used in the construction of a building, and tests of any service, fitting or equipment which has been, is being or is proposed to be provided in or in connection with a building.

(4) A local authority shall have power, for the purpose of ascertaining whether there is or has been, in the case of any building, any contravention of any continuing requirement that applies in relation to that building—

(a) to require the owner or occupier of the building to carry out such reasonable tests as may be specified in the requirement under this paragraph; or

(b) themselves to carry out any tests which they have power to require under the preceding paragraph, and to take any samples necessary to enable them to carry out any such test.

PART III

In this subsection “continuing requirement” means a continuing requirement imposed by building regulations made by virtue of section 65(1) or (2).

(5) The expense of carrying out any tests which a person is required to carry out under this section shall be met by that person:

Provided that the local authority, on an application made to them, may, if they think it reasonable to do so, direct that the expense of carrying out any such tests, or such part of that expense as may be specified in the direction, shall be met by the local authority.

(6) Any question arising under this section between a local authority and any person as to the reasonableness—

(a) of any test specified in a requirement imposed on him by the authority under this section ; or

(b) of a refusal by the authority to give a direction under subsection (5) above on an application made by him ;
or

(c) of a direction under that subsection given on such an application,

may on the application of that person be determined by a court of summary jurisdiction ; and in a case falling within paragraph (b) or (c) above the court may order the expense to which the application relates to be met by the local authority to such extent as the court thinks just.

69.—(1) On an appeal to the Secretary of State under section 64 of the 1936 Act, section 7 of the 1961 Act or section 64 of this Act, the Secretary of State may at his discretion afford to the appellant and the local authority an opportunity of appearing before, and being heard by, a person appointed by the Secretary of State for the purpose.

Provisions relating to appeals etc. to the Secretary of State under certain provisions.

(2) On determining any such appeal as is mentioned in subsection (1) above, the Secretary of State shall give such directions, if any, as he considers appropriate for giving effect to his determination.

(3) Where the Secretary of State gives a decision in proceedings—

(a) on any such appeal as is mentioned in subsection (1) above ; or

(b) on a reference under section 67 of the 1936 Act ; or

(c) on any application for a direction under section 6 of the 1961 Act where the power of giving the direction is not exercisable by the local authority,

the relevant person or the local authority may appeal to the High Court against the decision on a point of law.

PART III

In this subsection “the relevant person”—

- (i) as regards such an appeal as is mentioned in paragraph (a) above, means the appellant ;
- (ii) as regards a reference under the said section 67, means the person on whose application (jointly with the local authority) the reference was made ;
- (iii) as regards any such application as is mentioned in paragraph (c) above, means the applicant.

1925 c. 49.

(4) At any stage of the proceedings on any such appeal, reference or application as is mentioned in the preceding subsection, the Secretary of State may state any question of law arising in the course of the proceedings in the form of a special case for the decision of the High Court ; and a decision of the High Court on a case stated by virtue of this subsection shall be deemed to be a judgment of the court within the meaning of section 27 of the Supreme Court of Judicature (Consolidation) Act 1925 (jurisdiction of the Court of Appeal to hear and determine appeals from any judgment of the High Court).

(5) In relation to any proceedings in the High Court or the Court of Appeal brought by virtue of this section the power to make rules of court shall include power to make rules—

- (a) prescribing the powers of the High Court or the Court of Appeal with respect to the remitting of the matter with the opinion or direction of the court for re-hearing and determination by the Secretary of State ; and
- (b) providing for the Secretary of State, either generally or in such circumstances as may be prescribed by the rules, to be treated as a party to any such proceedings and to be entitled to appear and to be heard accordingly.

(6) Rules of court relating to any such proceedings as are mentioned in subsection (5) of this section may provide for excluding so much of section 63(1) of the said Act of 1925 as requires appeals to the High Court to be heard and determined by a Divisional Court ; but no appeal to the Court of Appeal shall be brought by virtue of this section except with the leave of the High Court or the Court of Appeal.

(7) In this section “decision” includes a direction, and references to the giving of a decision shall be construed accordingly.

(8) Without prejudice to section 4(5) of the 1961 Act, building regulations may in connection with any such appeal as is mentioned in subsection (1) above include such supplementary provisions with respect to procedure as the Secretary of State thinks fit.

70.—(1) The following enactments (which relate to the power to make, and other matters connected with, building regulations), namely sections 61, 62 and 67 of the 1936 Act and sections 4(2) and (5) to (7), 5 and 9 of the 1961 Act, shall (with this Part, except section 75 and Schedule 7) apply throughout Inner London as they apply elsewhere in England and Wales; but without prejudice to that power as extended by this subsection, this subsection shall not of itself cause any building regulations made before it comes into force to apply to Inner London.

PART III

(2) Subject to any provision made by virtue of section 62(4) it shall be the duty of the Greater London Council to enforce in Inner London any building regulations which are in force there except to the extent that other local authorities or district surveyors within the meaning of the London Building Acts 1930 to 1939 are by virtue of building regulations made responsible for their enforcement there.

(3) Where by virtue of this section or section 62(4) local authorities or any prescribed person or class of persons (other than local authorities) are made responsible for enforcing, or performing prescribed functions under or in connection with, building regulations in force in Inner London, then, without prejudice to the said section 62(4), building regulations may in that connection provide for any prescribed provision falling within section 76(1)(a) or (b) but not mentioned in subsection (1) above to apply (with any prescribed modifications, and notwithstanding paragraph 12 or 34 of Part I of Schedule 11 to the London Government Act 1963) in relation to any such authority or person, or persons of any such class, as that provision applies in relation to a local authority outside Inner London.

1963 c. 33.

(4) Without prejudice to the generality of section 62(5) building regulations may repeal or modify any provision to which this subsection applies if it appears to the Secretary of State that the repeal or, as the case may be, the modification of that provision is expedient in consequence of the provisions of this section or in connection with any provision contained in building regulations that apply to or to any part of Inner London.

(5) The preceding subsection applies to any provision—

(a) of the London Building Acts 1930 to 1939;

(b) of any enactment contained in this Act, other than this Part, or in any other Act passed before or in the same Session as this Act, in so far as that provision—

(i) applies to or to any part of Inner London; and

PART III

(ii) relates to, or to the making of, byelaws for or for any part of Inner London with respect to any matter for or in connection with which provision can be made by building regulations ;

(c) of any byelaws made or having effect under the said Acts or of any such byelaws as are mentioned in paragraph (b)(ii) above.

(6) Before making any building regulations that provide for the repeal or modification of any provision to which the preceding subsection applies, the Secretary of State shall (without prejudice to the requirements as to consultation in section 9(3) of the 1961 Act) consult the Greater London Council and any other local authority who appear to him to be concerned.

(7) In this section "Inner London" means the area comprising the Inner London boroughs, the City, and the Inner Temple and the Middle Temple.

1963 c. 33.

(8) In Part I of Schedule 11 to the London Government Act 1963 (modifications of Public Health Acts)—

(b) in paragraph 34, for the words " 4 to 11 " there shall be substituted the words " 4(3) and (4), 6 to 8 and 10 and (except in so far as it amends any enactment mentioned in section 70(1) of the Health and Safety at Work etc. Act 1974) section 11 ".

Civil liability.

71.—(1) Subject to the provisions of this section, breach of a duty imposed by building regulations shall, so far as it causes damage, be actionable except in so far as the regulations provide otherwise ; and as regards any such duty building regulations may provide for any prescribed defence to be available in any action for breach of that duty brought by virtue of this subsection.

(2) Subsection (1) above and any defence provided for in regulations made by virtue thereof shall not apply in the case of a breach of such duty in connection with a building erected before the date on which that subsection comes into force unless the regulations imposing the duty apply to or in connection with the building by virtue of section 62 of the 1936 Act or section 65(2) of this Act.

(3) Nothing in this section shall be construed as affecting the extent (if any) to which breach—

(a) of a duty imposed by or arising in connection with this Part or any other enactment relating to building regulations ; or

- (b) of a duty imposed by building regulations in a case to which subsection (1) above does not apply.

PART III

(7A) If, on an application to the Secretary of State for a direction under this section, the Secretary of State considers that any requirement of building regulations to which the application relates is not applicable or is not or would not be contravened in the case of the work or proposed work to which the application relates he may so determine and may give any directions that he considers necessary in the circumstances.

(7B) A person who contravenes any condition specified in a direction given under this section or permits any such condition to be contravened shall be liable to a fine not exceeding £400 and to a further fine not exceeding £50 for each day on which the offence continues after he is convicted.

7.—(1) If a local authority refuse an application to dispense with or relax any requirement in building regulations which they have power to dispense with or relax, or grant such an application subject to conditions, the applicant may in the prescribed manner appeal to the Secretary of State within the prescribed period from the date on which the local authority notify the applicant of their decision on the application.
